

VERITY CREDIT UNION TRUTH-IN-SAVINGS DISCLOSURE-SAVING AND CHECKING ACCOUNTS

1. Rate Information

The Interest Rate and Annual Percentage Yield (APY) on your accounts are set forth on the Rate Disclosure. The APY is an annualized percentage rate that reflects the total amount of interest to be paid on an account based on the interest rate and frequency of compounding.

The interest rate and APY for all accounts are set by Verity's Pricing Committee.

The Velocity Checking, Cartwheel Checking, Money Market (MM), Premium Money Market (PMM), Health Savings and Variable IRA share accounts are tiered rate accounts.

Once a balance range is met, the APY for that range will apply to the entire balance, except for the Velocity Checking and Cartwheel Checking accounts. Please see #7 below for a thorough description of Velocity Checking and Cartwheel Checking rate calculation information.

2. Interest

Interest is paid at the end of an interest period at the rates set by the Pricing Committee.

The Interest rates and Annual Percentage Yields set forth in the Rate Disclosure are accurate as of the effective dates stated.

3. Compounding & Crediting

Interest is compounded and credited monthly. The interest period for all accounts begins on the first calendar day of the period and ends on the last calendar day of the period as set forth in the Rate Disclosure.

Interest begins to accrue on all deposits on the business day the deposit is made to the account. Interest is calculated by the daily balance method, which applies a daily periodic rate to the principal balance in the account at the end of the day. Fees may reduce dividend earnings on the account.

5. Account Limitations - Balances & Interest

The minimum balance required to open accounts is set forth in the Rate Disclosure.

For members who have only one Prime Share account, no other Verity CU accounts and an average daily balance of less than \$200 during the quarter, a single service/low balance fee will be assessed each quarter.

The average daily balance is calculated by adding the end-of-day balance in the account for each day of the month and dividing that figure by the number of days in the month.

6. Account Limitations - Transactions

For Prime Share, Savings, Youth Prime Share, MM and PMM, no more than six (6) preauthorized, automatic or telephone transfers may be made from these accounts to another account of yours or to a third party in any month.

For MM and PMM accounts, the minimum check withdrawal amount is \$500. For Variable IRAs, during the first six (6) days after an account is opened, withdrawals may be made without restriction.

7. Velocity Checking and Cartwheel Checking Account Limitations

To earn the reward rate, the accountholder must meet the following three (3) requirements per cycle. 1. Make at least 12 point of sale (POS) purchases using their debit card. 2. Agree to receive account statements electronically and provide a valid e-mail address. 3. Log in to Verity Home Banking at least once. A cycle for Velocity Checking and Cartwheel is from the last calendar date of the previous month to the day before the last calendar date of the current month (ex. June 30 - July 30). If the accountholder meets the account qualifications, the account will earn the reward rate as stated in the Rate Disclosure. Debit card transactions processed by merchants and received by the credit union as ATM transactions do not count toward qualifying debit card transactions. Only debit card transactions processed by merchants and received by the credit union as POS transactions count towards qualifying debit card transactions.

For Velocity Checking, the APY for balances above \$15,000 will be a blend of 2.00% for balances less than or equal to \$15,000 and 0.10% for balances above \$15,000.

For Cartwheel Checking, the APY for balances above \$10,000 will be a blend of 2.00% for balances less than or equal to \$10,000 and 0.10% for balances above \$10,000.

In addition to the reward rate, ATM fees up to \$25 per cycle will be credited to the account if the qualifications are met.

If the account qualifications are not met, the account will earn .05% APY on the entire account balance and will not receive ATM surcharge fees for that time period.

Verity may change the interest rate, tiers and APY at any time after the account is opened.

8. Youth Prime Shares

Persons with the ages of newborn through 17 are eligible for a Youth account. When the member reaches the age of 18 years the account becomes a regular Prime Share.

Revised January 1, 2017

VERITY CREDIT UNION FEE SCHEDULE
